## Delta CleanTech Participates in the Enerflex Charity Golf Classic in Support of Kids Cancer Care

Delta CleanTech was honoured to attend the 27<sup>th</sup> Annual Charity Golf Classic in Support of Kids Cancer Care, sponsored by Enerflex. The event was well attended, with Enerflex and its sponsors managing to raise **\$85,000** for this worthwhile charity.

For over 25 years, Enerflex has hosted an annual Charity Golf Classic in support of Kids Cancer Care (KCC), which creates a positive impact in the lives of children affected by this disease. To date, this tournament has raised over **\$1.77 million** for Camp Kindle, a remarkable facility that offers children the opportunity to enjoy the camping experience with their siblings.

Earl Grey Golf Club – Calgary A

After the tournament, a KCC spokesperson gave a heart-warming speech of what it was like to deal with cancer, going through treatment and becoming a survivor with the help of KCC support services. Many of the prizes won at the dinner were generously donated back to KCC in support of their efforts.

Delta was truly honoured to be part of this worth while charity.
